To: Anne Hurlbert, City Administrator
City of Scandia
14727 209th St. N.
Scandia, MN 55073

Once again I implore the City Council and planning Commission to reject the reopening of the Zavoral mine. You were chosen to represent the people of Scandia. Look how many of us are opposed to this project and have fought against it for 3+ years. Please stand up and say "NO" to Tiller Corporation!

Say "no" to destroying the natural beauty and health of the St. Croix River & it's valley.

Say "no" to excessive noise and pollution by hundreds of gravel trucks.

Say "no" to making a heavily traveled intersection & scenic roadway extremely dangerous.

Sincerely,
Karen Soggs
