To the Scandia City Council -

these are copies of the letters  
my mother wrote in 1971 concerning  
the gravel mining by the Boston  
Construction Company.

Dear Mr. Merritt

Thank you for your reply to my letter of March 10th concerning the manner in which the Barton Construction Company is operating their gravel pit to the considerable damage to the environment of much of New Scandia Township.

I, of course, am very pleased to hear the gravel pit will in the future be operating in such a manner as to limit their dust omissions. However, this is only part of the damaging effects resulting from the way it has been operated. Additionally, there is noise, also recognized as a pollutant, as well as the considerable damage done to the streams and rivers.

I do hope that something can be done about this also so that the area will really be worthy of its inclusion in the Federal Wild River program as at present visualized.

Thank you for whatever help you can give.

Sincerely,

(Mrs.R.P. ) Schlingerman

Gentlemen:

Enclosed herewith is a copy of a letter which I received from Mrs. R.P. Schlingerman of Scandia, which is self explanatory.

By mailing to you a copy of this letter I wish to reiterate my great concern with the problem of the Barton Company gravel pit in Scandia Township.

Thank you for your courtesies and cooperation in this mater.

Yours truly,

/s/ Howard R. Albertson

Dear Mrs. Schlengerman:

Thank you for your letter with regard to the Barton Company and the St. Croix River and Scandia Township.

I have written letters to the Scandia Town Board and to the Washington County Board of Commissioners and to the Pollution Control Agency with regard to the problem about which you write.

In addition, I am mailing to all of the aforesaid governmental agencies a copy of your letter, reiterating my great concern.

Yours truly,
