Hello Neil! I hope this email finds you well. I have not forgot about our upcoming EDA meeting. My thoughts are to give a summary of the status of our sign bill - good, we got everything we wanted. Also, to discuss the 97-Olinda corridor, in particular if you could be sure to have a small diagram of that area with the zoning and the zoning rules relating to development. We should touch on Lilleskogen Park with the Vet's Memorial approved and moving forward we should get back to our sign discussions for that area - 97 entrance as "Scandia" entrance. If you have any updates on cable matters. I know our last grant request was turned down. I am speaking with Randall and my husband Dan (Cable Commissioners) on what they are thinking now for extension of cable in Scandia.
