Scandia residents are invited to make the Marine Community Library their go-to place for books, films, magazines, fabulous programs for all ages, and much more! Since 2012, the library has been serving the Marine, Scandia, and May Township area under a unique partnership between the City of Marine, Washington County, and area residents. It is run entirely by volunteers. The library is directed by a volunteer board, made up of members from all three communities. Volunteers are always needed on programming and operational committees. Please consider donating your time!

The library makes up for its small space with the quality of its book collections, which are continually upgraded with new bestsellers and other in-demand offerings, across all genres. Since we are networked with the Washington County Library system, county books also can be delivered to Marine for you to pick up, either in the library or in 24-hour accessible lockers.
